CHANDLER Famous For Its Marvelous Motor

Right Car at Right Price; Chandler Leads

THE Chardler Company has striven for five years to give the public the best Six at the best price. And it has succeeded, year after year, in this aim.

The Chandler for 1918 offers real motor car worth approached only by other cars selling for hundreds of dollars more.

The Chandler leads all Sixes-indeed all medium-priced high-grade cars-because it offers so much more for so much less.

Are You Feeling Old Today?

Tired, weak or deranged kidneys do not filter waste matter out of the blood as they should and backache, tired feeling, billousness, sore muscles, stiff joints, rheumatic pains, irritation of the bladder, puffiness under eyes or other symptom or ailment appears.

Foley Kidney Pills

Strengthen kidneys, stimulate the bladder and ione up the liver. They help the kidneys remove the accumulating poisons and soothe and heal the passages. When the kidneys and urinary tract are doing their work perfectly, the whole system is benefitted and restored to health and strength.

Bristol Long Famous Port.

Existed is one of the nucleut ports Surfand, and three or four hund years ago it was second only to een connected with trade on this side of the Atlantic, and, in fact, it was ent of Bristol that John Cabot sailed in 1537 on the veryage that brought its, therefore, the first to reach the windand of this continent.

It has been estimated that the total mount of warmth diffused by the gulf tream would cause a river of metal large as the Mississippi to flow, or suld raise from a constant winter to constant summer temperature the fiele of the air that rests upon the British isles and France. The fogs-to which England is so subject are, in a great part, owing to it, and through it the western coasts of Ireland enjoy a temperature two degrees higher than these on the East.

Best Material for Splints

Guivanized wire netting is claimed to be much superior to wood as a ma-terial for surgical splints. It is strong light in weight, non-absorbent and easily sterilized and unlike wood in and plaster, gives free ventilation. The new splints are woven from wire a tempered that it can easily be shape to be bound closely upon the injured limb.
